QUOTATION

WE ARE VERY PLEASED TO QUOTE YOU THE FOLLOWING, PRICES AS STATED, AND SUBJECT TO CONDITIONS BELOW.

Reference: Variable Magnification Projector

We are to build to the present prints allowing time for development and debugging, it is possible for this job to run as high as \$2100 for one unit.

If, however, there is more than one unit, and we have talked in terms of five, this price would be approximately \$1500.00..

These are, of course, budget estimates prepared from the discussion with your personnel regarding this project and based upon Bausch & Lomb supplying all standard purchased parts.

We feel that when checked prints are supplied, a firm estimate can be given.

We are anxious to work with you further on this project and would like to discuss it with you when new prints are available.

DELIVERY: As Required

CONDITIONS:

After 15 Days, price and delivery dates are subject to Reconfirmation
All Prices F.O.B. Our Plant unless otherwise noted.

Term: 1/2 % 10 Days—Net 30 Days

We are not responsible for delays in delivery due to floods, fire, strikes,
Thief or on act of God.

We thank you for the opportunity of submitting this quotation.
